Editorial

As we embark on another 365-day journey, RHK is truly grateful to share another year with our readers, fans, models, photographers, and everyone else who continues to support us.

2020 was filled with plenty of memories ... some good, some bad ... but memories nonetheless! The main takeaway from 2020, at least for me personally, was to count my blessings. Be grateful. Savor the moment. Breathe. Look for the positives in every situation. And hopefully I was able to convey that message to everyone I had an opportunity to work with. Even though we faced small obstacles and challenges, we had (and have) so much to be thankful for ... and a better day is always on the horizon!

With all of the challenges we faced in 2020, we were still able to continue our operations without interruption ... and had another great year! We released exclusive content every month, with over 25 all-new issues. We worked with new featured models, while some of our previously featured models returned with even hotter content!

All in all ... last year was a huge success!

In 2021, we hope to get back on our promo-tours, which give us the opportunity to meet and discover the world's hottest models. And, as always, our goal is to deliver the best magazines and products we possibly can ... our readers and fans deserve nothing but the best!

Again, thanks again for everything ...
I greatly appreciate YOU!

My name is Chantelle Boucher, I am an outgoing and humble person. I started in the modeling industry at 5-years old but took a break as a teen. I got back into the industry going to a showcase in L.A, then I walked for Brampton Fashion Week and Paul Mitchell hair show. I have done many TFP shoots and now have been published in multiple magazines. I’m working hard to get published in covers and billboards and work with more designers/producers. Along with my passion for modeling, I am working on acting and my beauty business.

Hey there, I’m a small town girl living in south Alabama, trying to chase what I’ve always dreamed of doing. I absolutely love modeling and everything about it. I love and appreciate what it has taught me and looking forward to what it teaches me in the future. I love the wonderful people it has gave me the opportunity to get to know as well. I have met some pretty amazing people along the way. I also would like to encourage young or new models in the industry, to always push yourself and never give up on what makes you truly happy in life. The life you have set for yourself is all by choice. You are the only person that gets decide to how you live it. And remember ... even in the hours, days, never quit. Someone somewhere is always watching you.
